

INTRODUCTION

My Name Is Shana Momin. I am 21 years old. I'm from Modasa, Gujarat, I have Completed My Bachelor's in Computer Application From H.N.G.U University and also pursued a Full-Stack Developer course at Tops Technology . I am a fresher with skills in building user interfaces and working with both front-end and back-end technology.

My interest in coding started when I visited my cousin's house one day and I saw him coding. That experience sparked my curiosity and I started exploring coding online. This motivated me to pursue (BCA) Bachelor's in Computer Application and since then , I have been passionate about learning and developing my skills in this field.

In terms of my future goals, My short-term goal is to secure a job in a reputable company where I can apply my skills and continue learning.

In the long term , I aim to achieve a higher position within the company by constantly improving myself and contributing to its success
